Conference Theme: Contributions of the DNP Prepared Nurse: Policy Influencing Outcomes

Abstracts submitted, must be aligned with the conference theme and address the conference objectives:

Objectives

After participation in the 2019 Twelfth National Doctors of Nursing Practice Conference Washington, DC, attendees will be able to:

1. Identify processes of developing and implementing policy to improve healthcare outcomes.
2. List examples of how the DNP prepared nurse participates in policy development and implementation in academia, clinical practice, administration, research and informatics.
3. Describe ways that DNP prepared nursing professionals collaborate to influence change.

Submission Deadline

All submissions must be completed by **11:59 PM Eastern, February 15, 2019**. No submissions or edits will be accepted after the deadline.

All presenters attending the conference listed on the abstract submission are expected to register and attend the full three-day conference. Every author listed on the abstract will be required to provide biographic and conflict of interest disclosure information during the abstract submission. The provided Biographical/Conflict of Interest (BIO/COI) form must be completed for each author. It is the responsibility of the primary author to assure that all documents are included before submitting the abstract. The abstract will not be reviewed if this information is missing.

A maximum of four presenters may be listed per abstract submission. Once an abstract is accepted for presentation, changes to this list of presenters including credential and affiliations may not be made. Presenters cannot be added, and substitutions will not be accepted. The primary author must attend and present.

The primary author is the point of contact for all communications regarding the 12th National DNP Conference. This person will be responsible for assuring that the abstract submission process is complete, and all presenter BIO/COI forms are complete and uploaded for review by the conference nurse planner.

Notification of abstract selection or non-selection status will be sent **via email** in May 2019. The primary author/presenter will be required to confirm his or her conference attendance and ability to present. - **Poster presenters will be required to provide two 10-minute oral presentations.**
- In the single-slide poster presentation include the following in large font centered at the top of the poster:
 - Presentation title
 - Author(s) name
 - Institution or organization where the work was completed
 - Include the address, phone number and email address of the primary author.
- Deliver our poster presentation in a methodical sequence so that others can follow the logic of

your presentation. A good method is setting up your poster in a column format so that individuals interested can read your poster, first vertical, then top to bottom, and then left to right.

- **Use a type size that can be read easily from a considerable distance (4 feet or more).** Try using a type between **18-22 pt**. The title should be larger than the rest of the text. Select a font such as Times New Roman, Arial, or Helvetica.
- Posters should stimulate discussion, not give a long presentation. Therefore, **keep text to a minimum, emphasize graphics**, and make sure every item in your poster is necessary.
- Space your information proportionally: divide your poster either horizontally or vertically into three or four sections, and place your materials within those spaces. **(Standard 4:3)**
- Approved versions of posters will be loaded onto the DNP Conference Web Site prior to the conference, provided releases have been given and the materials are approved before the deadline for the site. They may also be loaded onto the conference mobile app.
